Behind Brown Eyes is my life story. Right now, I'm a 30-something year old living in the West Midlands of the UK. I've been through enough highs and lows in life that I've been told by too many people that I should just get it down on paper.

A stint in an acute mental health hospital provided the catalyst to start, and though it's been a struggle at times, I've gotten to the point where I've been able to relive the first phase of my life; through childhood, school, the military, chaotic lows, police stupidity, homelessness, and occasionally being able to grasp some of life's brass rings.

Audiobook (Coming #SOON)

I am on the process of making an Audiobook for this, narrated by none other than... Me... My biggest challenges is finding the time and acoustic requirements to record, especially as I’m in the process of having a house move, which requires plenty of packing and living out of boxes.

Details of this, including where and how to purchase will be announced in November 2025.
